## Market

Lillytone Communications Ltd turns to relevant business realities where the document communication is not only the pillar of the activities, but also demands particular attention to effectively manage for both quantity and quality.

The markets we particularly are concerned with are:

- Banks and Finance
- Tourism
- Telecommunications
- Transports

Besides, Lillytone Communications Ltd can enhance its own service proposal by collaborating with other system integrators, software houses and, as especially regards the Digitaldox® platform, international partners.
